

Director, Planning & Development Services

Reporting to the Executive Director, City Planning & Community Development, this position will provide strategic and influential leadership in one of the City's most significant customer facing divisions working collaboratively with internal and external stakeholders to achieve the goals of the Official Community Plan. As the Director, Planning & Development, you will have the opportunity to drive change and have an impact in the life of all residents and businesses, ensuring that our processes have a customer centric focus. You will assume overall responsibility for directing and overseeing a committed management team consisting of four branches (Partnerships & Permitting, City Planning, Servicing & Infrastructure Approval, Building Standards & Inspections). These areas are accountable for key industry stakeholders, relationship development, neighbourhood and concept plans, current planning applications, engineering detailed design, infrastructure inspections and turnover and building permit reviews.

This influential role requires a visionary leader who is passionate about operational service delivery and has excellent team building skills, strong influence, political insight, and strong planning and management skills. You will serve as a member of the Division's leadership team with responsibility to work effectively with diverse stakeholders, elected officials and provide advice and guidance to the City's Executive Leadership Team.

You have demonstrated your ability to be innovative and flexible and manage people, priorities and budgets in a large department all in support of meeting corporate goals. You are well known for your commitment to continuous improvement and delivering outstanding service to your customers and have a proven track record for successful long-term visioning, strategic planning, and making measured and innovative enhancement to program and service delivery. You are an inspirational leader who is capable of articulating a strong vision to your team.
